Hi All,

Happy New year and all that jazz.... Things are very quiet on the rally front... most things have been cancelled or postponed.

BUT... we have been invited to Younghusband Swapmeet to have a display, and the Meningie museum boys would like us to come down and crank some tractors and stuff... (see below).

The club is still going well, Wednesdays Playschool are progressing well, the shed is now pigeon proofed, so they will no doubt move onto the next project.

Please if anyone has something to add to this newsletter, provide it, as its increasingly difficult to keep it full and topical while there isn't much going on around the place.

Cheers for now JM
